NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Knowing West Texas weather, the sun may be shining with the temperatures up in the 80's by the time you read this. But wasn't this past weekend something?

For the adults it was a good time to just stay in by the fire, but for the kids it was a paradise. With no school Monday and all of that ice and snow to play in, they really had a holiday. With the hard pack of ice on the streets this was the finest winter playground most of these kids had ever seen.

It is nice that at least the kids could enjoy the weather because it certainly was hard on a lot of adults, especially those who had cattle to feed and take care of. And it was no time to have to go anywhere either.

Joe Ford, Hamlin mayor and head of the local Salvation Army unit, has been getting a lot of inquiries lately from people wishing to donate old clothes to this organization. Up until now there has not been any way that the local unit could handle these clothes.

But Joe called the other day and said that arrangements have been made with the Abilene unit of the Salvation Army to take care of the handling and distribution of good winter clothes that the people of Hamlin might want to donate.

Anyone who has some good clothes that they would like to give to the needy are being asked to take them by the BCD office within the next couple of weeks and they will be either picked up by the Abilene unit or someone from here will take them over there.

Joe pointed out that this was a one-time arrangement and the clothes should be taken by the BCD office within this time period. The BCD will not be a year round depository for these old clothes.

The more scientific minded experts will probably not agree with James Roberts, our Publisher friend out at Andrews, but he is blaming the deaths over the Christmas holidays. You can read what he has to say and then draw your own conclusions.

We doubt anyone in official circles will make the claim, but we believe the Dallas Cowboy loss to the Redskins played an important factor in Texas holiday death toll.

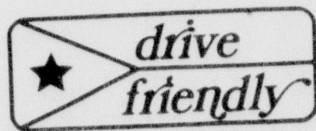

Saturday night, Texas was doing fine with its "drive friendly" program and wrecks and fatalities were running below normal...and we were far behind the other states.

Yet Sunday night, everything went wrong...and the number of wrecks and the number of fatalities Sunday night were double that of Saturday night.

We remember the statement of a well known psychiatrist that the emotions and moods of a driver had more to do with the safety of his driving than his training.

Dallas Cowboy fans — statewide — were in a lousy, embittered mood Sunday night . . . and Texas immediately jumped into the lead nationwide in fatalities.

We may see the time that the rallying cry to the team is: "Save a life — win!"

AN OUNCE OF PREVENTION — Cleburne Murdoch believes in the old phrase, "an ounce of prevention is worth a pound of cure," and uses several ounces of salt to cover the sidewalks around Howard Drug where he is a pharmacist. Businessmen and employees have been kept busy trying to keep sidewalks as safe as possible during the ice storm that moved into the area Sunday. Freezing temperatures and continued snow gripped the area Wednesday and weather predictions indicated no immediate relief. Rain Friday preceding the storm measured .03. Other moisture was .27 Sunday and a trace on Monday and Tuesday.

SCHOOLS CLOSE—

Worst Storm In Years Grips West Texas Area

One of the worst winter storms in a great many years held a tight grip over most of West Texas and forecasts were calling for it to hang on for awhile longer. Plagued with ice-slick streets since Sunday morning, Hamlin residents were still looking for some relief from the bad weather Wednesday but none was in sight, at least through Thursday.

Schools have been closed here and in most area towns since Monday and Wednesday morning it appeared that they would remain closed at least through Thursday.

While no highways in the area have been closed by the ice and snow, they were extremely dangerous and all unnecessary traffic was being discouraged. Highway Department workers have

been out in full force during the spell, sanding bridges and hills.

Among those hardest hit by the storm have been the area farmers and ranchers who have cattle that must be fed. The storm, which was preceded by rain, has brought the on-again, off-again cotton harvest to a standstill.

Minor auto accidents attributed to the slick streets have occurred but no serious injuries have been reported in connection to the accidents.

Several persons have experienced broken bones from falls. Mrs. Veda Potts of McCauley suffered a broken wrist, was treated here and transferred to Abilene. Mindy Smith, daughter of Mr. and Mrs. Muriel Don Smith, was treated here Sunday for a broken arm.

Tuesday, McCoy Funeral Home ambulance was called after W. J. (Bill) Stewart suffered a broken hip in a fall. He was treated here and then taken to Abilene.

WTU to Ask Rate Increase

"West Texas Utilities Company is asking for a general increase in rates in Hamlin and throughout the West Texas area it serves," Ned Moore, WTU Manager said here today.

Moore said the requested increase will be the first in the Company's 50-year history. The last time rates were changed was in 1964 when the Company lowered rates by 1.1 million dollars.

Moore made the comments in regards to a request which the Company will make to the Hamlin City Council. The request will be presented to City Council Monday evening.

Moore pointed out that the Company believed it would be proper to first present to the City Council details of the request.

WTU provides electric service for about 126,000 customers in a 52,000 square mile service area which extends from the Red River to the Rio Grande. The Company serves 167 towns and communities.

RETIRED TEACHERS

The Jones County Retired Teachers Association will meet Saturday, Jan. 13, at the Hamlin Restaurant.

All retired teachers are urged to be present.

Mr. and Mrs. Jack D. Wright, Melinda Keanan and Randy of Lubbock visited her parents, Mr. and Mrs. Flavil Holmes, during the holidays.

ADOPTS POLICY—

Board Sets Trustee Election

The Board of Trustees of the Hamlin Independent School District, in their regular monthly meeting Monday evening, called a trustee election for Saturday, Apr. 7, and adopted a policy dealing with the misconduct of students toward officials in sporting events sponsored by the University Interscholastic League.

The three-year terms of Clyde Lewis and Lewis Madden expire this year. Both men have filed for re-election.

Candidates for these two places on the Board have until 30 days prior to the election to file for office. Those interested should contact Mrs. J. O. Murphree in the Superintendent's office.

A. B. Carlton has been named election judge, with Mrs. Carlton and Mrs. Arlie Cassle named as clerks. Mrs. Mur-

phree will be absent clerk. Superintendent Bob Hawes said Tuesday that the need for the new policy related to students and officials was brought about by a number of incidents across the state where officials have been abused by participants and fans.

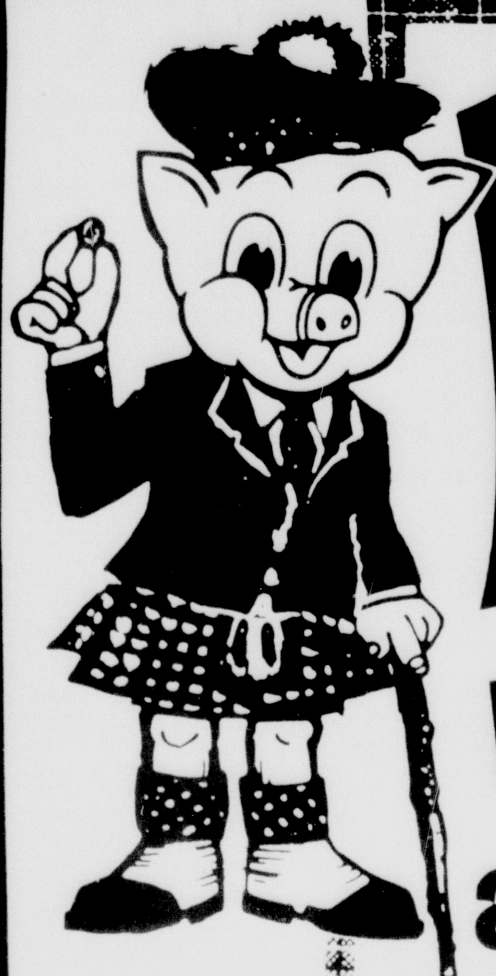

Under the new policy, any person enrolled in Hamlin Independent School District involved in this type incident will be suspended from school for the duration of that year.

Hawes pointed out that to protect the students, the school needs to have a policy dealing with this problem. He said that by having such a policy, only the students involved would be penalized rather than the whole school.

Without this type of policy, Hawes said, the whole school could be denied participation in the UIL if such an incident should occur here.

MRS BAIRD'S

And today Mrs Baird's Bread is still judged by members of the Baird family... because they still care about personal supervision.

FROM THE FILES . . .

FIFTY YEARS AGO
(January 12, 1923)

There is "a plenty" doing on both sides of the street on the south end of Central Avenue. Besides the big Ice Plant that is now receiving its pretty grey pressed brick, over on the other corner is being erected another modern and dandy Drive-In Filling Station. Just south of the Produce house is another structure building which is to carry a stock of groceries. The proprietor will be Mr. Manning.

There was a time when all Hamlin regretted receiving so much rain, for it was getting too much last spring that causes our city to face a water famine this January. We are not in want for water because it did not come, but because our main supply was lost last May when the New Lake dam broke — and re-broke. There is now a problem to solve. Hamlin people must again look to the "water wagon." It will cost money to get drinking water.

The regular meeting of the Jones County medical Association met in Hamlin Tuesday of this week.

The White Pond Basket Ball girls played the Plasterco team a tight game last Friday. The scores were 18-19 in favor of Plasterco.

TWENTY YEARS AGO
(January 16, 1953)

Five Hamlin men are among the 41 Jones County draftees who have been notified to appear for induction into the armed services during the month of January.

Although the influenza scourge that has been making most of the state of Texas during the past several days has made some impression at Hamlin, the incidence has not reached the proportions it has in neighboring towns. Hamlin Schools recorded some absenteeism due to the disease, but there was no indication that the schools would dismiss classes unless many more flu cases are reported.

Hamlin's porch-light campaign in

the March of Dimes will be conducted on the evening of Thursday, January 29, it was announced this week by the drive chairman for Hamlin. Members of the Parent-Teachers Association voted last week to sponsor the porch-light portion of the drive for funds to fight polio.

A safe taken from the Sylvester post office in a burglary on the night of December 7 was found Friday three miles north of Longworth on the Longworth-Sylvester farm-to-market road and one mile north from the road in a gully. The safe was located under the direction of a deputy sheriff from Odessa and a postal inspector from Fort Worth after they had questioned five persons charged in Odessa with the robbery of the Thalia post office.

TEN YEARS AGO
(January 10, 1963)

Each school district in the State of Texas is required to take school census of all children between the age of six years and eighteen years as of September 1, 1963. The month of January is designated as the month that the census must be taken. The Hamlin Schools have begun this task and will appreciate the help of all parents in the community.

Plans were made at the noon luncheon of the Hamlin Lions Club for the annual March of Dimes drive to be held here during the month of January. The club's board of directors had agreed to sponsor the project in Hamlin this year.

Tickets went on sale here Monday for the annual banquet of the Hamlin Board of Community Development to be held Friday, Jan. 18. The banquet will be held in the high school gymnasium at 7:30 p.m. Dr. Guy Newman, president of Howard Payne College, Brownwood, is the principal speaker.

The third and final dose of Sabin Oral Polio Vaccine will be administered here Sunday, Feb. 10, according to Dr. M. L. Smith, City health officer.

Take a Second Look

On your first look, you may think that this little girl is riding a rocking horse, but look again. It is not a rocking horse but a little donkey.

About animals now, and children. Donkeys were one of the first animals to be tamed by man, and are gentle animals when they are not practicing the quality of being stubborn.

The quality of gentleness somehow reminds us of our Saviour, the Wonderful One.

Parents, teach your children about Jesus, who admonished us to *let the little children come unto Him*. Our Lord would remind us that the little ones are precious to the Father. We invite you to take the children to church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Weather Cancels Hamlin-Winters Game Here Tuesday

The District 6-AA between Hamlin and Winters scheduled for Tuesday night was cancelled because of bad weather. The local teams are scheduled to play at Ballinger Friday evening, weather permitting, and will host Anson here Tuesday.

Since Ballinger does not field a girls team, the freshmen boys will open the action, followed by the JV's and then the varsity teams.

Both the Pipers and the Piperettes were victorious last Friday night at Stamford. It was the season opener for the Pipers, but was the second outing for the Piperettes, who are now 1-1 in district.

David Willis was high with 17 points for the Pipers as they won a close one over the Bulldogs, 50-43. The Pipers trailed until late in the final period. The Piperettes defeated the Stamford girls, 50-35, with Leigh Ann Vaughan taking scoring honors with 25 points.

Stamford won the JV game, 40-33.

Most Screwworm Cases Coming From Navel Wounds In New Calves

The majority of new screwworm cases being confirmed at the screwworm eradication center at Mission are being collected from navel wounds in new-born calves, says Jones County Agricultural Extension Agent Kirby Clayton.

This word comes from Dr. M. E. (Cotton) Meadows, Jr., director of the center.

With the calving season at hand, livestock owners should continue on the alert for cases, Meadows cautions. When screwworms get started during warm periods of the winter, they continue to work in the wounds when the temperatures dip, he emphasizes.

To prevent a spring build-up of cases, all livestock owners are urged to continue reporting all suspected cases, even though cold weather and sterile fly releases have sharply reduced the number of infestations.

Inadequate reporting of cases now could mean that sterile flies will not be released where they are needed most, Clayton adds.

"It is imperative that we know where to release the sterile flies now, and we can use this information in planning fly drop treatments for 1973," the agent emphasizes.

County Taxpayers Association Sets Meeting In Anson

The Jones County Taxpayers Association will meet at the Anson High School Auditorium Friday, Jan. 12 at 7 p.m.

A spokesman for the group said "the purpose of the meeting will be to make further plans in opposing the forming of three hospital districts in Jones County which would make all land in the county subject to someone's hospital tax."

Officers of the recently formed organization are Billy Vinson, Route 6, Abilene, president; A. B. Youngblood, Route 6, Abilene, secretary; and Mrs. J. L. Beasley of Hawley, treasurer.

The officers urge "everyone interested in this move to be present."

Farm Workers' SS Tax Return Must Be Filed By Jan. 31

Farmers and crew leaders who hire farm workers have until January 31 to send 1972 wage reports and social security contributions to the Internal Revenue Service, according to R. R. Tuley Jr., social security district manager in Abilene.

"A farm worker is covered by social security if an employer paid him \$150 or more in cash wages for farm work in 1972—or if the employee did farm work for the employer on 20 or more days during the year for cash wages figured on a time basis rather than a piece-rate basis," Tuley said.

Annual wage reports for farm employees are submitted by their employers on a form available at Internal Revenue Service offices. The form is mailed to farmers and crew leaders who have IRS Employer identification numbers, according to Tuley. Others should request the tax forms from the office of Internal Revenue Service, U. S. P. O. Bldg., Abilene, Tex. 79601.
